EAN/UPC	5707480114344
PARAF	950834352

Description

Inexpensive training manikin with all the well-known and sought-after Ambu look-listen-feel features.

The closed shape of the torso with its anatomical correct landmarks enables students to learn the complete algorithm of Basic Life support, including the use of Automatic External Defibrillators (AED) and the placement of the AED Pads.

Open Airway: the airway is opened only when the head is tilted - there are realistic airway resistance and chest rise.

Hygienic System: unique patented hygienic solution as the Ambu Man with disposable head bags and washable face pieces.

Compact Bag: the head of the Ambu Uniman+ can be placed inside the manikin. Everything is packed in a small bag.

Technical Specifications
