

PRODUCT DATA SHEET

Perifix® ONE NRFit®

Epidural catheter

Regional Anesthesia products with NRFit® connector, in line with the ISO Standard 80369-6

- The polyamide core provides the needed stiffness for easier catheter insertion
- An outer Polyurethane layer cares for the desired softness for placement inside the body
- 6 micro-holes enhance the spread of the anesthetic drug
- An exclusive tapered, atraumatic catheter tip design
- Three yellow stripes to identify Perifix® ONE NRFit® as a Regional Anesthesia line
- Threading assist guide
