Description

INSECT BITE HELPER

Compact and portable device suitable for quick relieving itching, swelling or inflammation caused by insect bites or stings. During application, heat is applied to the treatment area; this can have a positive effect on the healing process.

- dual-switch over-temperature protection design, prevents skin burns due to high temperature
- two modes with three temperature grades each.

The set grade can be automatically saved
- indicator lights for temperature level
- low-battery indication
- skin friendly and chemical free

Supplied with USB cable and user manual in GB, FR, IT, ES, DE, PL.
