Description

SINTHESI MI.TO. TABLES

- Electric - any colour
- Sections: 6
- SWL (Safe Working Load) 180 kg
- Height adjustment (48-100 cm): foot rail

Two-motor examination and treatment tables, electric height adjustment by foot rail or a low voltage (24 V) foot switch. The couches have six or eight sections: the trunk section can be electrically adjusted by the operator with no effort, using the keyboard behind the head of the table, while the patient undergoes a treatment; other sections can be adjusted by one or more gas springs system. The head section is equipped with an elongated breathing hole for a higher comfort. It's a dedicated therapy table for the myofascial release techniques and postural analysis. Wide range of possible positions in flexion/extension, symmetrical or asymmetrical. Power 230 V - 50/60 Hz. Supplied with mouth-nose hole plug and postural education exercises manual.

Retractable wheels: once wheels are retracted table stands on frame

Made in Italy.
