Description

CRYOCLEAR® WITH 16 G CARTRIDGE - non-refillable

CryoClear® uses Carbon Dioxide which freezes at -79°C to a depth of no more than 2 mm into the skin, delivering a safe and clinically effective treatment to superficial skin indications.

Over 95% high efficacy combined with less destruction of healthy tissue makes it perfect for treating age spots, sun spots, and skin tags.
It offers a better and faster cryotherapy solution, even as combination treatment to chemical peels, facials, micro-needling or dermaplaining.
No contact device for use on different patients at 0.5 cm distance.
Up to 300 seconds treatment time per device (approx 60 treatments of 5 seconds).
Suggested for use at aesthetics and cosmetic sites.

Multilingual pack and instructions (GB, FR, IT, ES, DE, NL, PL, FI).

Made in USA.

Technical Specifications
