Duplex® 2.0 stethoscopes provide outstanding acoustic performance. Special design tube for better auscultation of adults, children/babies or new-borns.

- precision double chest-piece made of stainless steel with innovative membrane support
- anatomically shaped binaural with internal multiple spring for adjusting the contact pressure
- extra-soft, replaceable and pivotable ear-tips for perfect sealing at the ear canal and enhanced wear comfort
- innovative acoustic system with extraordinary auscultation for all frequency ranges
- special membrane for precise acoustics with novel non-chill rims for improved adaptation on the skin

Supplied with name plate, replacement ear-tips and membrane.

Made in Germany.
