Description

M-000.09.242 HEINE GAMMA GP - adult - push button valve
- Adult cuff (29-41 cm)
- Zipper case

GAMMA® GP
Standard sphygmomanometer with push-button valve for fine and precise air-release rate adjustment, ultra-fast air-release, practically wear-free.

The HEINE GAMMA series is designed for life-long accuracy, every model is shock-resistant, latex-free and features a pressure-proof manometer protected by a micro-filter.
- high quality indicator, precisely calibrated, durable and shock resistant
- large Ø 56 mm black-on-white scale for easy, accurate readings
- housing is moulded of shockproof plastic with shock absorbing, anti-slip coating
- large insufflation bulb (50% larger) for fast cuff inflation
- adjustable spoon for both right and left-handed operation
- high-quality, washable single-tube cuff with velcro fastener

Made in Germany.
