Cavilon™ Advanced skin protectant - liquid 0.7 ml

3M™ code: 5051G4P
Minimum order: box of 4

3M™ Cavilon™ Advanced Skin Protectant
Highly durable, ultra-thin, transparent barrier which protects against the harmful effects of bodily fluids. Liquid solution with single-use applicator that reduces the potential for cross-contamination and IAD pain, creating a waterproof barrier film.

A complete range of products to protect skin from body fluids and friction.
Cavilon™ products create on the skin a highly breathable, long lasting transparent coating to prevent maceration and trauma.
Alcohol-free, hypoallergenic and non-irritating, can be used on broken skin and under any tapes and dressing.
