Description

BP2A Bluetooth Blood Pressure Monitor

Intelligent automatic upper arm blood pressure monitor designed for daily use. The all-in-one design makes it easy to carry.
Clinically validated: combination of Intelligent pressurization technology and the brand-new Lycra high elastic cuff design ensure the most accurate measurement results.
Easy to read and use: one-click measurement and OLED screen shows real-time monitoring.
Reliability: detects body movement and cuff wearing to avoid invalid results.
Bluetooth sync allows monitoring, sharing, and saving results on ViHealth App, which supports unlimited storage and multiuser management.

Supplied with integrated cuff (22-42 cm), built-in rechargeable battery, charging cable, quick guide, and multilingual manual in: GB, FR, IT, ES, DE.
